TAIWO ADETOUN AKANBI

26, Church street, Yaba, Lagos State, Nigeria/**Mobile:** (+234) 8130228677
Email: akanbitaiwoadetoun@gmail.com

PROFILE

A Ui/Ux Designer and Frontend Developer with a strong foundation in user-centered design and hands-on experience building responsive web interfaces. Skilled in translating complex ideas into intuitive, visually appealing digital experiences.

Proficient in Figma for design and prototyping, with working knowledge of HTML, CSS, JavaScript, Bootstrap, and jQuery to bring designs to life. Passionate about creating seamless user experiences that are both functional and aesthetically engaging.

CORE SKILLS

Design

- Figma, Adobe XD, Miro, WordPress (Elementor)
- Wireframing (Low & High Fidelity), Prototyping
- User Flows, Information Architecture
- Usability Testing & User Research
- Design Systems & Accessibility Principles

Frontend Development

- HTML5, CSS3, JavaScript
- Bootstrap, jQuery
- Responsive Web Design
- Basic UI implementation from design to code

Visual & Interaction Design

- Typography, Color Theory, Layout Design
- Iconography, Illustration
- Interaction Design & Micro-interactions

Project Experience

Supersave App (UI/UX Design)

- Designed a mobile app that helps students save towards graduation goals.
- Created user flows, wireframes, and high-fidelity prototypes.
- Focused on clarity, simplicity, and financial goal tracking experience.

Credit Card Checkout Redesign

- Designed and compared two checkout experiences to improve usability.
- Improved visual hierarchy and reduced cognitive overload.
- Focused on trust, clarity, and user confidence.

Personal Portfolio Website (Frontend Development)

- Built a responsive portfolio website using HTML, CSS, and JavaScript.
- Implemented interactive UI components and mobile navigation.
- Optimized layout for different screen sizes.
